

Spedo® Continuous Forms Processing & Mailing Equipment

SPEDO 2600 PINLESS FORMS CUTTER

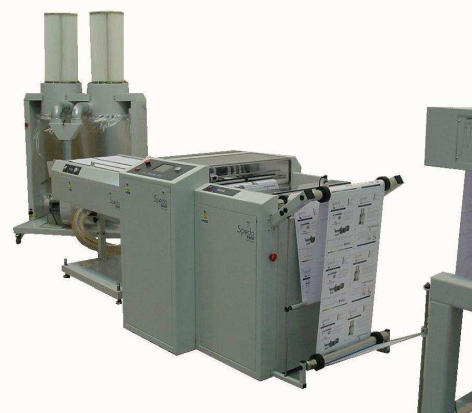

The **SPEDO 2600** Pinless Forms Cutter allows the user to cut continuous forms without the need for marginal punching.

Using Spedo's proven control system and intuitive touch screen the **SPEDO 2600** offers total control and flexibility while running both off and on-line.

Store up to 30 different jobs from 64mm up to 700mm, with or without strip cut, using line increments of $\frac{1}{6}^{\text{th}}$, $\frac{1}{8}^{\text{th}}$, $\frac{1}{10}^{\text{th}}$, $\frac{1}{12}^{\text{th}}$, $\frac{1}{16}^{\text{th}}$ and metric millimetres.

Easy optical mark set-up means that form registration can be done using any repeatable print area anywhere on the form, removing the need for the printer to add specific registration marks.

The **SPEDO 2600** is available in single blade and double blade options to allow the operator to remove up to 7.8mm strip in one hit thus improving productivity.

SPECIFICATIONS

PAPER FORMAT		PERFORMANCE	DIMENSIONS
